

Dion Wilson

Software Engineer

SUMMARY

Creative software engineer with a deep interest in cloud computing. Proven track record of creating and implementing successful front and back end web applications. Technical and creative background, looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

January 2021 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

GoTune.Pro: A platform for users to upload audio files and generate a media player emulating lead global products like Apple Music, Spotify, and Tidal. Customizable pages include info section with the ability to link monetized and promotional locations of choice.

Other Projects: APOD Web App with NASA API integration, Cache Vodka mobile bartender tool, Retro entertainment center collaboration with remote international development team, On-demand background color changer for Partnered Twitch streamer, and more

Web Developer and Consultant

January 2017 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Consulted on SEO and social media strategy. Some clients include:

- Beauty Unlimited by Kye – A hub for listing services, scheduling appointments, receiving feedback, and directing customers to social media. Competitive edge against similar small businesses in the area.
- The Lazy Bakery – Responsive web site for an expanding home business. Provided web-based scheduling tools. Designed and created new branding materials, including logos and short form advertisements.
- Syra Sparkle Photography - NY based international culture photographer. Easily navigate to their book shop, portfolio, social media, and donation pages.

Salon Coordinator - PR at Partners

January 2011 — December 2020

- Worked alongside creative directors, graphic designers, and central office to manage online presence, increasing following by 300%
- Trained and collaborated with lead educators and directors across multiple projects
- Maintained team schedules and managed daily business flow
